River and lakes update

Wednesday, May 4, 2016

The following lakes and river conditions were reported by the National Weather Service to the Caddo Parish Sheriff's Office.

- 12 Mile Bayou at Dixie is currently at 36.9’ and will crest at 38’ on Friday evening.
- Caddo Lake is currently at 175.25’ and will crest at 177’ by Friday (NWS lowered the crest by 1’).
- Red River at Shreveport has crested at 32.4’ and is already on its way down.
- Wallace Lake has already crested and is on its way down and should reach below 151’ tomorrow evening.
- Cross Lake is also on its way down and will be back to 171’ by this weekend.
