No increase in property taxes from Caddo Sheriff

Monday, July 25, 2016

Caddo Sheriff Steve Prator said he's decided not to roll property taxes forward for 2016.

Rolling forward would have provided additional revenue for the Caddo Sheriff's Office, but the Sheriff said the department remains committed to work within its budget.

"While some agencies will role forward to increase their tax revenues, the Caddo Parish Sheriff's Office continues to live within its means while still improving services," Prator said.
