Man dies in I-220 crash

Friday, May 29, 2020

Caddo Patrol deputies responded to a fatal crash on I-220 earlier today.

The crash involved two vehicles, a Honda Accord and a GMC pickup, both of which were traveling eastbound.

Lt. James Houston said the Honda was in the inside lane on I-220 when the pickup merged onto the interstate's outside lane from Lakeshore Drive. At that time, the Honda had a tire blowout and its driver lost control, hitting the pickup. The driver of the truck then lost control and flipped over.

The driver of the pickup, who has not been identified, was deceased at the scene. There were no other injuries.

The crash occurred at 10:41 this morning.
