

Juvenile Arrest for Causing Disturbance at School Function

Friday, August 25, 2023

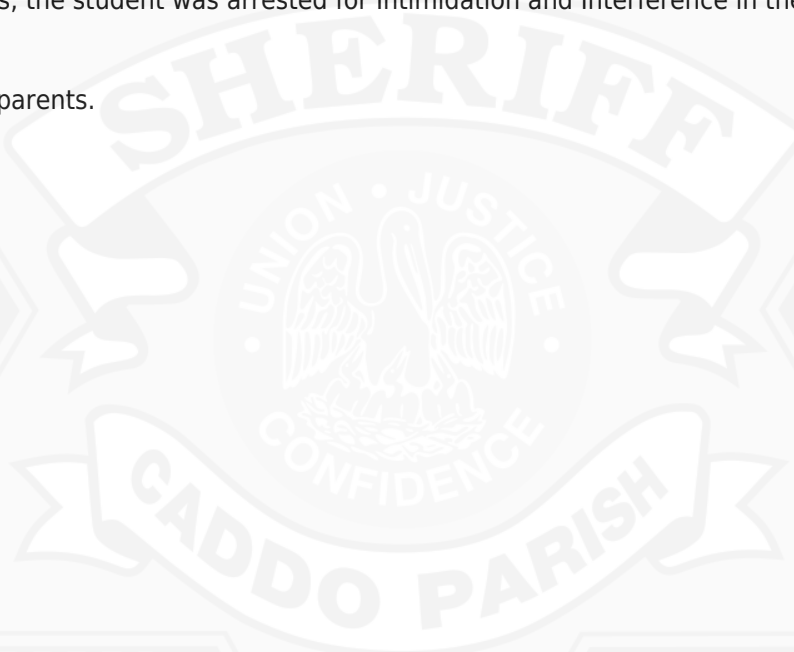

Caddo Parish Sheriff's detectives arrested a juvenile for causing a disturbance at a football game this past week, said Sheriff Steve Prator.

The juvenile was arrested for spraying Mace during a scrimmage football game between Huntington High School and Airline High School at Independence Stadium.

Detectives say the juvenile was seen on video surveillance running up to a group of students and spraying them with the chemical agent. The incident caused a disturbance where the school function had to be postponed, and security measures had to be taken to protect students. According to detectives, no other security incidents occurred.

As a result of his actions, the student was arrested for Intimidation and Interference in the Operation of Public Schools.

He was released to his parents.
