

Start of Operation 4 Alpha South

Tuesday, October 29, 2024

Posted by Breck Scott

This morning at 6 AM, an operation began in the southern section of Shreveport. Caddo deputies will patrol from I-20 east to Ellerbe Road and south of Bert Kouns/Industrial Loop. The deputies will respond to all calls, from alarm notifications to major incidents. During this operation, we will not remove any deputies from their routine assigned patrols in the parish. You will continue to see the same amount of patrols that you have always observed in the parish. The operation is scheduled to conclude on December 31st at 6:00 AM.
