Road Closure on Interstate 20

Saturday, November 29, 2025
Posted by Breck Scott

I-20 westbound @ the state line into Texas is down to one lane due to a large hole in the roadway. DOTD has been notified and is enroute to repair the hole. The time of the closure is unknown. However, we will give an update once both lanes are open.

****UPDATE****

All Westbound and Eastbound lanes on Interstate 20 are back open.
