

CPSO Patrol Deputies are working the Caddo Parish Winter Storm 2026

Saturday, January 24, 2026

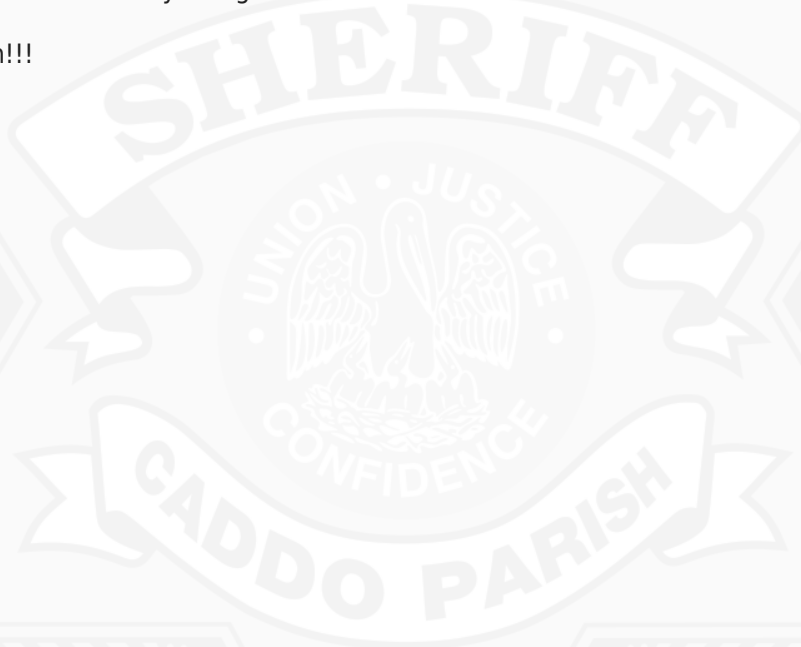

Posted by Breck Scott

As the winter weather impacts our area, the men and women of the Caddo Parish Sheriff's Office are working tirelessly to keep our community safe. Our deputies are patrolling the roadways, responding to calls for service, assisting stranded motorists, and coordinating with local and state partners to address hazardous conditions.

We urge residents to exercise caution when traveling and to stay informed about the weather, as conditions can change quickly. Please slow down, avoid icy roads whenever possible, and report emergencies by calling 911.

We take pride in our deputies who continue to serve with dedication and professionalism, often under challenging conditions, to protect the citizens of Caddo Parish. Thank you for your cooperation, patience, and support as we work together to safely navigate this winter weather event.

Stay safe, Caddo Parish!!!
