The Caddo Parish Sheriff's Office Tax Department provides efficient, convenient, and accessible services to the citizens of Caddo Parish.

Over the past year, we have made several improvements to streamline our operations, reduce processing times, and offer residents more options for managing their property taxes.

Faster Payment Processing: Our automated mail-processing machine enables staff to open, scan, and process mailed payments more efficiently, cutting processing times from days to hours.

Self-Service Kiosks: These kiosks allow visitors to retrieve account information, manage multiple property tax accounts, request redemption information, and access other tax-related services. They also assist individuals with mobility limitations by directing them to an ADA-compliant service area.

Electronic Tax Notifications: Property owners can sign up to receive email notifications when their annual property tax notices are available, while still receiving these notices by mail.

CPSO Tax Department Mobile App: Residents can easily pay property taxes, request redemption amounts, register for electronic notifications, and check if their mortgage company is responsible for paying their property taxes using this app.

Property Tax Information and Payment Options:
Property tax statements are available online at www.CaddoSheriff.org.
