A man who once supervised children incarcerated at the Caddo Juvenile Detention Center has been arrested for molestation.

Eric Enrique Easter, 40, of the 8900 block of Brandon drive in Shreveport, was picked up by Caddo Sheriff's detectives today after he was indicted by a Caddo Parish Grand Jury.

Sheriff's Detective Dorothy Brooks investigated the complaint from a 12-year-old girl who said while incarcerated at the Juvenile Detention facility in September 2008 Easter made sexual comments to her and touched her inappropriately in front of others.

Easter was booked into the Caddo Correctional Center for molestation of a juvenile. No bond has been set. He is no longer employed by the Juvenile Detention facility.
