Student arrested in connection with stolen computers

Thursday, January 19, 2012
A high school student was arrested today in connection with two computers stolen from a Caddo Parish school.

Travion Hall, 17, was issued a summons for unauthorized use of a moveable after it was determined that he failed to return two laptops after using them in class at Woodlawn High School. Hall gave the laptops to two juveniles from another school, but said he tried to get them back later and planned to return them to the school. The two other juveniles turned them over to a pastor, who in turn, gave them back to the school system.

The laptops were valued at nearly $2000.

Hall was arrested by Caddo Sheriffâ€™s Detective Andy Scoggins.
