Man steals personal info to commit fraud

Tuesday, April 22, 2008
A Shreveport man is in jail for stealing personal information and credit card information and using it to commit fraud, said Caddo Sheriff Steve Prator.

Patrick L. Hall, 18, of the 3700 block of Glen Crest, was booked into CCC on two counts of identity theft following an investigation by Caddo Detective Bobby Herring.

Hall was receiving the information from an employee at a local gas station. Hall later used the information to purchase merchandise by phone and on the internet. At the time of his arrest, Hall was on probation for committing identity theft and unauthorized use of an access card in February.
